A Message from
TRS’ Executive Director

Dear CUNY Employee:

On behalf of the Teachers’ Retirement System of the City of New York (TRS), I congratulate you on your City University of New York (CUNY) appointment. As a CUNY employee, you have the opportunity to secure your financial future by joining TRS—one of the country’s most established public retirement systems.

For over a century, TRS has been providing New York City educators with retirement, disability, and death benefits. We continue to refine and modernize our programs to better serve over 200,000 in-service members, retirees, and beneficiaries. We are committed to increasing self-service options for our members and to educating them about the value of their membership in TRS.

TRS’ employer-sponsored defined-benefit retirement plan, the Qualified Pension Plan (QPP), provides the security of a pension that is guaranteed, no matter how the financial markets perform. We also offer the Tax-Deferred Annuity (TDA) Program, a voluntary investment plan that allows members to supplement their pensions with additional retirement income.

CUNY employees may have a choice of retirement plan providers. Full-time employees have 30 days from their appointment date to join either TRS or TIAA (the Teachers Insurance and Annuity Association), but they become members of TRS automatically if they don’t make a choice. Adjunct employees may join TRS at any time but are not eligible to join TIAA. Please see page 2 of this publication for more about eligibility, and pages 4-5 for a table comparing TRS and TIAA membership. Visit our website, www.trsnyc.org, to learn more about the benefits of TRS membership.

I wish you success in your career as an educator with CUNY, and I hope that you consider becoming a member of TRS. We are committed to serving you throughout your career and retirement.

Sincerely,

Patricia M. Reilly
Executive Director

HERE’S HOW TRS’ QUALIFIED PENSION PLAN WORKS

Your salary determines your pension contribution rate.

The Qualified Pension Plan is a defined-benefit plan funded by contributions from both employers and employees. New members qualify for benefits under Tier VI. TRS deducts a percentage of your contractual salary according to the scale below, which shows Tier VI contribution rates for the current plan year. Your contributions earn 5% interest compounded annually.

If you are employed in multiple TRS-eligible positions, the salary from your non-primary position(s) will be considered in determining your contribution rate.

Your employment earns you credit toward your pension.

A year of full-time employment equals a year of membership service credit in TRS. For adjunct service, 360 hours is equivalent to a full school year, and service of fewer hours is prorated. You must complete at least 45 hours of service during the school year to receive credit. In any case, members cannot receive more than one year of service credit for any school year.

When you have 10 years of service credit, you will be vested, which means you are qualified to receive a monthly retirement allowance after you meet age requirements.

You may transfer membership from other eligible New York State and City public retirement systems.

If you have a valid membership in one of the retirement systems below, you may transfer your membership to TRS. If you had a different tier status at your other retirement system, that status would be restored after your transfer is complete. You must contact your other retirement system to initiate the transfer.

✔ New York State and Local Employees’ Retirement System (NYSLRS)
✔ New York City Employees’ Retirement System (NYCERS)
✔ New York City Board of Education Retirement System (BERS)

You may purchase credit for prior service within New York State.

Prior service is any creditable service for a public employer within New York State that you performed before joining TRS (and did not transfer to TRS). Purchasing credit for prior service will increase your Total Service Credit, which helps determine the amount of your retirement benefits.

Your pension is a defined benefit determined by a formula.

TRS’ standard formula for calculating pension benefits is:

\[
PENSION\ BENEFIT = PENSION\ FACTOR \times FINAL\ AVERAGE\ SALARY\ (FAS) \times TOTAL\ SERVICE\ CREDIT\ (TSC)
\]

The formula for Tier VI members with less than 20 years of credit is:

\[1.67\% \times FAS \times TSC\]

The formula for Tier VI members with 20 or more years is:

\[35\% \times FAS\ for\ the\ first\ 20\ years,\ PLUS\ 2\% \times FAS\ for\ each\ additional\ year\ over\ 20\]

The FAS is the highest average of wages earned during any continuous period of five years of credited service (subject to certain exclusions). If you retire before age 63, your retirement allowance would be subject to an age-reduction factor.

ENROLLING IN TRS

If you are a full-time CUNY employee and do not choose TIAA as your plan provider, your employer will notify TRS and you will be automatically enrolled as a TRS member. You will not need to submit an enrollment request on our website.

If your TRS membership is optional (i.e., you are an adjunct) and you want to join TRS, you should apply for enrollment on our website.

Upon enrollment, you will be assigned to the current membership tier based on the effective date of your enrollment. Since April 1, 2012, the current tier has been Tier VI.
SUPPLEMENT YOUR PENSION WITH TRS’ TAX-DEFERRED ANNUITY

TRS offers the Tax-Deferred Annuity Program, a defined-contribution retirement plan funded by your contributions. Participation is voluntary. Two-thirds of our in-service members have a TDA account, and more than half of our retirees are maintaining their TDA accounts into retirement.

You determine what percentage of salary to contribute, subject to an annual dollar limit maximum set by the Internal Revenue Service. Contributions are deducted from your pay before taxes, which lowers your current taxable income. You don’t pay taxes on your contributions—or the returns they earn—until you later receive your funds.

The TDA Program has a series of diverse investment options, known as the Passport Funds. One option, the Fixed Return Fund, offers a guaranteed rate of return set by New York State law (currently 8.25% annually for members employed by CUNY). The values of the remaining funds fluctuate monthly based on market activity. Visit the Investments section of our website at www.trsny.org to see the latest Passport Funds investment choices.

The TDA Program offers:

**Flexibility:**
A choice of diverse investment options

**Convenience:**
Contributions deducted automatically from your pay

**Loan availability:**
Access to your TDA money before retirement

**Online access:**
Account management on our website

Use the TDA calculator on our website to determine a TDA contribution rate that’s right for you.

Before investing, please read the publications mentioned below for detailed descriptions of the funds, rules of participation, investment performance, objectives, and risks.
